

Tunnel Mapping

In the competition area and particularly in Beacon Hill Fort, there are tunnels. The mapping of these is depicted by a shaded version of the surface detail, with an outline of small black dashes. The entrance to the tunnel is depicted by a black toothed triangle pattern along the length of the entrance. The following shows a map section illustrating the tunnel and its entrance. The photo shows the surface view, taken from location A.

Out of Bounds, Uncrossable and Non-standard symbols

Please do not enter OOB areas, or cross walls or fences marked with the thick black line.

Paths that are coloured pink (as illustrated below) are either private or blocked or closed (OOB), so please do not use.
